ODORS Don't Stand a Chance...

Caltex Healthy Homes

Odors can kill a sale... We can kill the odors.

Odor Elimination Services:

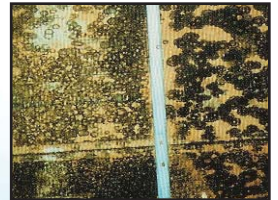

We Eliminate:

- Smoking odors
- Animal odors
- Urine and feces odors
- Cooking odors
- Obnoxious & musty smells

Pollutants Eliminated:

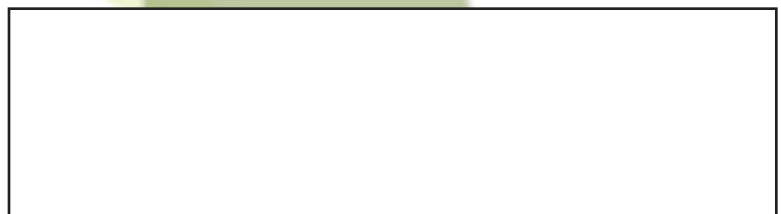

- Dangerous off-gassing chemical contaminants
- Toxic bacteria
- Viruses
- Germs
- Mold
- Mildew
- Dust mites & their feces
- Post-fire & smoke odor distress
- New construction or remodeling

These pollutants plus many more are not masked or covered up by so-called "air fresheners." **THEY ARE ELIMINATED!**

Our **Low Volume Low Pressure (LVLV)** technology is an advanced oxidation system which produces superoxide ions. When porous and non-porous items are cleaned in a house or building all the indoor contaminants are eliminated, leaving your indoor environment clean, fresh, and healthy.
